Traditions & Encounters: A Global Perspective On The Past, Vol.2

Synopsis

Traditions & Encounters offers an inclusive vision of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times. Given the diversity of human societies, gathering and organizing the sheer mass of information in a meaningful way is a daunting challenge for any world history survey course. The seven-part chronological organization enables students to understand the development of the world through time, while also exploring broader, big-picture thematic issues in world history. Through new and revised chapter-level and part-level features, the hallmark twin themes of traditions and encounters emerge in greater clarity than ever before in this sixth edition. As a result, students have resources that enable them to move beyond the facts of history and examine the past critically, analyze causes and effects, and recognize similarities and differences across world regions and time periods. By digging deeper into the implications of world history's stories—not just the who, the what, and the where, but also the why and the how—students can make sense of the human past. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Book Information

Series: History

Paperback: 544 pages

Publisher: McGraw-Hill Education; 6 edition (October 7, 2014)

Customer Reviews

Jerry H. Bentley was professor of history at the University of Hawai'i and editor of the *Journal of World History*. His research on the religious, moral, and political writings

of Renaissance humanists led to the publication of *Humanists and Holy Writ: New Testament Scholarship in the Renaissance* (Princeton, 1983) and *Politics and Culture in Renaissance Naples* (Princeton, 1987). More recently, his research was concentrated on global history and particularly on processes of cross-cultural interaction. His book *Old World Encounters: Cross-Cultural Contacts and Exchanges in Pre-Modern Times* (New York, 1993) examines processes of cultural exchange and religious conversion before the modern era, and his pamphlet *Shapes of World History in Twentieth-Century Scholarship* (Washington, D.C., 1996) discusses the historiography of world history. His most recent publication is *The Oxford Handbook of World History* (Oxford, 2011), and he served as a member of the editorial team preparing the forthcoming *Cambridge History of the World*. Jerry Bentley passed away in July 2012.

As textbooks go, this book is very, very wordy and not easy to read. And it is very pricey .

Rented this book. It came in shambles with pages falling out and the cover busted to heck. The book itself is awkwardly written and carves a very strange and non-linear path through history. I quit using the book a week into class and just used wikipedia.

wonderful book it came in perfect condition

NEW BOOK TO BUY OR RENT.. Just avoid Damage . (No Problem with it)

This book was sold to me as new, but appears to have writing in it. The writing is minimal and does not prohibit its use.

I haven't read a history book in years but this book seems to provide a great aspects of historical events up to the current era.

Exactly as shown! Highly recommend, much cheaper than the bookstore!

The book I needed for two of my classes. Hardback book and rented at a cheap price. Also delivered a lot earlier than expected. Overall very happy.
