good

This book is okay. I deducted one star because it doesn't have enough full practice tests. It has two. Kaplan's TOEFL book has four. I deducted another star because many of the exercise questions seem proprietary to this company but not exactly actual TOEFL test questions. So, they're weirdly more difficult. I prefer Cambridge's TOEFL book to this one. .

It's complete guide to the toefl test. The bad thing is it doesn't have answer keys. You should buy extra that is really expensive.

The book is in very good conditions. Came with the CD.

Like the book to brush up on taking tests but it does not have the answer key to the practice tests so kinda pointless to me

Very good condition, came with the CD

I bought a new book, but the book arrived without the CD and cover was crumpled. I am very disappointed with my book. I tried three time return and all times the book back with the same problem.

It wasn't in a good condition and it didn't have the CD inside!!!
