Agent Hill Super Boxset: A Gripping Espionage Thriller

Synopsis

Best-selling Mystery/Thriller author James Hunt brings you the complete collection of the highly-rated “Agent Hill” Series. These stories have accumulated over 150+ five-star reviews and have been boxed together for the first time! That’s TWO COMPLETE BOOK SERIES totaling 6 NOVELS! Agent Sarah Hill loves her job. As the number one agent at the GSF, the most covert spy agency in the world that operates beyond the reach of any government, Agent Hill has to balance locating the mastermind behind the attack on the global power grid and finding her brother and his family. But for her, they’re one in the same.

Customer Reviews

I totally enjoyed these stories, all the mayhem and intrigue, the espionage and the friendships. The writer made it seem so real. Each time I finished one book. I couldn’t wait to get into the next one.

Very good action never a dull moment. Unrealistic skills but very exciting suspense. have one more to read.

Same thing over and over. Sorry I just don't find it worth my time

An engaging story with inspiring characters. The action never stopped. The plot twisted and turned but in the end the good guys came out on top.

Great read

When writers through the words can make you see the leaves moving, smell the sights of far away places and weave all their words into a compelling story, then those writers have achieved giving the reader their own virtual reality. Hunt captivates the reader with incredible choreographed scenes . From the stealth observation to the actual fights, the reader can almost believe he or she is an invisible witness. Even though common sense tells us, the heroine, Sarah Hill, could not have survived all the attacks, the reader is still drawn to her escapades as well as her sarcastic and playful sense of humor.

Have read Black Box and In The Shadows, loved both of them. Kept me on the edge of my seat

Love Sarah!! She's the badass woman I fantasize about being. Kick ass and keep moving...Never a dull moment.
