Grim Fate (Codex Blair Book 5)

Synopsis

Hell hath no fury like a Wizard wronged The Order has come for me. I am to be weighed, judged, and found wanting by a group of Wizards that want my head more than they want the truth. They don't know that on my wrist is a mark branding me the possession of a demon. If they find out? I'm dead the moment I walk in the door. A series of trials lie between me and my freedom, but something's wrong, the system's been rigged. It doesn't matter. I'll give these Wizards what for. Scroll up and one click Grim Fate today to find out if Blair can survive the Order!

Customer Reviews

What an absolutely fantastic book. Blair has finally come to the attention of The Order and they've decided to come for her, big style. They are not well-disposed towards mages that practice

unlicensed magic and Blair fears for her life. Although the end of the last book set up Blair's meeting with The Order, nothing prepared me for what happened to her with the High Council in this story. There was so much happening to her in her personal life at the same time with shocks and surprises, some good, some not so. I love the new addition to her household, who brings nothing but good for Blair, and I can see a great friendship for them with Fred (hopefully) who also loves Blair unconditionally. As with all of the Blair books, I couldn't read it quick enough but didn't want it to end. Each book can be read as a standalone but do yourself a favour and start at the beginning. You won't be disappointed. I received a copy of this book from the author with no obligation but voluntarily decided to review it and the opinions are my own.

Grim Fate by Izzy Shows is yet another hit in the series. The books just keep getting better and better! Our gal Blair, bruised and broken from fighting the ultimate monster and failing in the land of fae, has barely made it home to get a summons to appear to the Order. She assumes she will probably die because she used unlicensed magic. The book is about her defending herself to the Order, the rigged trials, and the many surprises along the way. Some are funny and some are soooooo deadly. There are twists and turns unexpectedly with Mal also, UGH! I know... So much happens in this book that opens doors here, is it closing doors too? So frustrating!!! Hurry with the next book! Love this series. The author makes you feel like you are physically there and feeling all the emotions Blair is feeling. Great job, great fantasy, awesome magical story, and I love her new familiar!!! Yes, Blair gets a familiar in this book, can you guess what it will be? Not telling....

I really enjoyed this one. I have liked the growth in Blair's character that has progressed in the last few books. In addition, the development of more 3D aspects of the supporting characters is appreciated. While I might not want what has happened in the story, it is logical and fresh. ****SPOILER ALERT**** I personally do not enjoy same sex relations (F/F). If you are in the same boat, you may not like how this story is progressing but if you're at least open to it, this is very well written.

I was so ready to jump back into Blair's world for another adventure. This one had me stressing out to the end. After the events of the previous book, I was not sure Blair was up for the task at hand. I really love the growth she showed in this one and some of the changes in her relationships with her friends. I was really hoping one thing would finally happen (avoiding spoilers here), but then the complete opposite happened. I. Was. Devastated. I'm still holding out hope though. The next book

cannot get here soon enough! Thanks to the author for providing me an ARC of this book. This did not affect my review in any way.

Grim Fate " by Izzy Shows! I read this book, courtesy of Ms. Shows, who sent me an ARC. The review I'm writing is not biased due to that, though. I have been fascinated by this series since the beginning. Blair is not your ordinary heroine. Ms. Shows has created a character that thinks outside the box. She's tough, yet strangely vulnerable at the same time. She's learning quickly as she goes. The supporting characters are also unique. The interaction between them keeps you going! The action never stops, or even slows down! Grim Fate is no exception! The twists and turns keep you glued to the pages, waiting to find out what's going to happen next!! Just when you think you have it figured out, it takes a different path. Blair's long-held fear of being found out by the Order has happened, and it's an even bigger battle than she had anticipated. She has her wits and talent put to the test, to prove she has the right to be what she is: a wizard. There is so much action and emotion involved that I felt almost exhausted when I finished the book, yet am looking forward to the next book with much anticipation!! I don't know how Ms. Shows can fire these books out so quickly, but I'm glad she does!

I love this series and have been looking forward to the continuation of the story. This book didn't disappoint! We were left in the previous book with Blair being summoned by the Order, something that she had been fearing since book 1. Research with the Raven (and a bit more explanation of who they are) and Fred helped her to prepare as best as possible for a highly secretive ritual with a group that clearly had ulterior motives. In between all of this, Mal has been cruel and Blair needs his help or she definitely can't pass the trials.. which means her death. Lots of action and a great direction for future books. Izzy has created a fantastic world that is very different from other Urban Fantasy writers. Her characters are very unique (Raven, Fred, Emily, Shawn) and they are so well written that they are believable, not one dimensional at all. There are so many different ways that the future storyline can go, so the next book can't come soon enough. I have to say that I was disappointed about Mal - he was one of my favorite characters in Blair's life and I was really hoping that there would be something more there. Perhaps in future books - it was left open, and I'd like to know more about what is happening to him to cause the change in his behavior. Also, I was thrilled to learn more about Raven! Love the direction that is going as well. Now I just have to wait for book 6....Disclosure - I was provided an advance copy of this book in return for my review.
