Customer Reviews

a good book for my little brother to ready and learn something about michelangelo and also make a very good book for my collection

A great refresher book or a great introduction to the work of Michelangelo. Wonderful illustrations, readable text, well worth purchasing.

It is a talent to be able to write a book so easy to understand yet so descriptive and classy. It describes everything about Michelangelo you'd ever want to know and kids will be able to get an idea and appreciation for his work too. If your looking for something not so fancy dancy, this is for you.
