Great condition, I still probably need to read the book, as I needed a little more detail (but not the fault of the provider)

Colossal waste of time. This is the only Kindle book I've wanted to return. This book will not supply you with the information you'll need for class discussion or exam. Read the actual book.

This summary provides enough information for the reader to determine if he wants to invest the money and time to actually purchase and read the full book itself. I myself got interested and purchased the book because the taste of the book this summary gave was quite interesting and intriguing. A very good summary I can say.

I really loved this book! One of the reasons I loved it was that I know the family. I remember some of the stories. I absolutely loved this family, each one. I liked reading about them and learning more stories. I would definitely read this book again when I have free time. Highly recommended!

Poor, poor summary!AND....Absolutely void of true hillbilly life depictions in general. I grew up in the middle of hillbilly filled mountains. Maybe one family out of every forty lived the life that was depicted in Hillbilly Elegy.

It was a good book report, did answered all the questions at the end right.

A good summary book to read. The journey of hillbilly will give an inspiration for the youth today. This also provides a comprehensive analysis of the book, outlining the main themes and the author's background and writing style. This summary is riveting and inspiring at the same time. Really enjoyed reading this book....
