Customer Reviews

A great first deck for a beginner-very clear & crisp pictures! Card-stock is sturdy and has held up well for numerous readings. Deck comes in a nice tin for storage along with the little white book. The artwork is beautiful and simplistic. Not my first Lenormand, but definitely a favorite.

this cute quirky little deck makes those of us that are more familiar with tarot cards a great deal easier to understand the Lenormand system which is crazy for us. the tin is an awesome feature that allows you to be confident that nothing is going to happen to your cards. the little book with it is not only detailed but generous with all kinds of information such as the cards energy, keywords, full meanings, what it means on the left/right of cards, love, career, and where the images comes from as the entire deck is based from Pamela Coleman Smith's artwork both from the Rider-Waite, but another one or two pieces of her work.

Good item

A good starter deck, well illustrated with subtle colors.

I really like the images on this deck and the little metal box they fit into is perfect.

If you liked the Rider-Waite-Smith, then this is the Lenormand deck for you! The images feel familiar, like you were reading a long lost letter from an old friend. (As you can probably tell, I am a Rider-Waite-Smith fan...) Probably because of the familiar feeling, it is easy to slip into reading with them. And the reading flows easily. The little tin that the deck comes in is also really cute. I like it and I keep this deck on my table for quick readings.

Exactly as described

As most Lenormand decks, it is "palm sized" (3.5" x 2.25"). A thick, durable card stock, it measures 30 CPC (30 Cards Per Centimeter). The images are very Pixie (Pamela Coleman Smith), and - if you are a lover of the original Waite/Smith tarot deck - coherent to her original work. I am fairly certain that the tin box has been appropriately treated to resist deterioration, and I feel confident that my deck is safely stored. Buy!
