Bigfoot: True Bigfoot Horror: The Apex Predator - Monster In The Woods: Violent & True Encounter Of Sasquatch And Others Encounters Of Bigfoot Hunting People

Synopsis

Enjoy My Terrifying Encounter and other Violent and True Bigfoot Stories Read for FREE with Kindle Unlimited! Claim Your FREE BIGFOOT BONUS Following the Conclusion! People are disappearing in the wilderness. This is not speculation, it is fact, and many of these disappearances share very eerie similarities. Something is taking them, and in part, I am sure that Bigfoot is the culprit. Ten years ago I went on a hunting trip in northern Washington State with my cousin Jason. I am far from an outdoors-man but I still jumped on the opportunity for a long weekend getaway with my crazy cousin. Had I know what I know today I am not sure if I would have gone, but what is certain is that my life forever changed that weekend. After getting separated from my cousin the first evening I found myself lost in the vast wilderness, scared, and alone – at least I thought I was alone. Unbeknownst to me I was being hunted in the woods by a Bigfoot. I am not sure how long he was stalking me but I know I was lucky to get away with my life. For years after that weekend I was a different man. I was constantly in fear and scared to go anywhere outside of my home city in Austin, Texas. To help cope with the psychological trauma I found myself immersed in research studying Bigfoot, the Yeti, Sasquatch, and all other variations of the creature commonly referred to as Bigfoot. My research became an obsession as I tried to come to terms with what had really happened to me. Within the pages of this book you will find my story and similar stories of several others. I found myself fascinated with cryptozoology. Of all the true Bigfoot encounters I came across I related most to the more terrifying Bigfoot stories. This book is a collection of those Bigfoot stories. It is the first book in a series: Bigfoot, Sasquatch, Paranormal. I am writing this series for those who are dealing with the aftermath of a Bigfoot encounter and need validation that they are not crazy, or perhaps they simply want someone to relate to. I am also writing this book as a therapeutic outlet as well as a way to reach people regarding the realities of Bigfoot. Bigfoot is real, I know that beyond a shadow of a doubt, and I am far from crazy! I hope you enjoy this collection of terrifying true Bigfoot encounters. What's inside? Customer Reviews

I always enjoy reading Bigfoot stories. At times they scare the heck out of me. And yet the stories give some insight into the behavior of this elusive creature. The stories in this book are descriptive for both setting and emotion. Recommend reading for Bigfoot followers and disbelievers.

I have to be honest with you, this guys decision to go on a 45 minute beer run through the woods at night was so stupid it almost made the story seem unbelievable. Like who does that? Lol Honesty you kind of deserved to get smacked by a Big Foot. Seriously, how do you not tell Jason where you are going? Jeremy you have to be white because this was some real white people sh*t to do. Any way, I'm glad you are safe and I loved books 1 & 2. Thank you for sharing your experience.

like it

AWESOME ! GREAT READING !

I enjoyed the book and the stories some I have read of before but some were new, All were presented in a new way . there was one or two syntax errors but overall would recommend the series. I'm on to the second book in series.

Truly interesting resurch and accounts. Too many sightings and accounts to make me a

non-believer. Very good read.

I found it interesting and it was More about true encounters than books about fiction stories I would recommend it

My Husband loves these books everything about Big Food that are true stories.
