Winter Of The Gods (Olympus Bound)

Synopsis

"A lively re-imagining of classical mythology with an engaging premise, a page-turning plot, and an eye for the arresting and uncanny in contemporary urban life."--Deborah Harkness, New York Times bestselling author of *A Discovery of Witches* Manhattan has many secrets. Some are older than the city itself. Winter in New York: snow falls, lights twinkle, and a very disgruntled Selene DiSilva prowls the streets, knowing that even if she doesn't look for trouble, it always finds her. When a dead body is discovered sprawled atop Wall Street's iconic Charging Bull statue, it's up to Selene to hunt down the perpetrators. Her ancient skills make her the only one who can track a conspiracy that threatens the very existence of the gods, including Selene-once known as Artemis. *Winter of the Gods* is the much-anticipated new novel from the author of *The Immortals*. *Olympus Bound* *The Immortals* *Winter of the Gods* *Olympus Bound* "The Immortals is a lively re-imagining of classical mythology with an engaging premise, a page-turning plot, and an eye for the arresting and uncanny in contemporary urban life."--Deborah Harkness, New York Times bestselling author of *A Discovery of Witches*

Another amazing story following her first book "Immortals". It's like a grown up Percy Jackson in a way. Really compelling story line, great narration and the characters are so much fun to get to know. Theo is the sexiest nerd ever! Selene is so conflicted for a God and it makes her very 'human' as she solves riddles including her own possible mortality. LOVE!!!

Catches you in the first page as long as you have read the previous volumes. Even if not you are hooked and want to read the earlier ones by the end of Chapter 1. I am hoping for more from this writer and series.

Really enjoyed it and sorry to see it end.

Fascinating subject matter! God's in modern day New York! Anyone who loves mythology ,mystery and romance should read this book.

Great read. It always fun "discovering" a new author!

Loved the book! Nothing but praise . The thought or rather, words of Gabi, "if spider grandmother is out there, why not the Olympians?" says it all.An excellent and thought provoking work.

A good premise, interesting and complex characters. This book was worth the read. I am looking forward to the next book.

Fantastic Read and again great research on the subject of Greek deities and pantheon!
