Another great recipe book. I liked it so much, I bought both the physical book and the Kindle version! This cookbook is a great addition to the book that comes with the Instant Pot. I have tried several recipes and they have all been outstanding. Love it!

this guidebook is super helpful and interesting. with this guidebook one can simply understand how to cook food first and perfectly

Finally, a cookbook for electric pressure cookers. This book fits the bill perfectly. There are a lot of recipes in here and even things I never even thought about cooking in a pressure cooker. Am looking forward to cooking and canning with this unit. Got some great ideas!

This cookbook has many formulas and tips to cook with the Instant Pot. I obtained both the paper cover and the Kindle version. That way I can read on my Kindle and afterward backpedal to make the formula from the book without getting stuff everywhere throughout the front of my tablet. The Instant Pot accompanied two direction books however it is likewise pleasant to have more formulas to investigate and browse.

An American favorite, buffalo chicken wings should be in everyone's repertoire. The balance between the smooth dressing and the spicy chicken is such a great combination. Making it in your cooker is a healthier way of cooking this treat since the wings do not need to be deep-fried. The meat will be nice and spicy without all the extra oil /2 cup low-sodium chicken broth

This is really an amazing electric pressure cooker cookbook with some of the amazing recipes. I enjoyed this book and I recommend it on the quality basis.

The electric pressure was excellent product. It's very useful for my home. the cooker is effective and it's cause within 2 minutes to fry the food.
