## Customer Reviews

"..did what a book is meant to do, Communicate! learned more in hours... with your book than years elsewhere -- Sohaja Publishing Co"Clear, informative and very do-able, always with caring support whenever needed from Dr D'Onofrio. Dr William Caradona, ND -- William Caradona, ND..more than I ever learned about Candidiasis in medical school,.. written in a form easily readable by the lay person." -- Rebecca Carley, MD

Nutripathic Doctor Sal D'Onofrio, DN DD, Doctorates in Nutripathy and Divinity is in loving Service to all of Humantiy through Natural Health Principles in the name of God Almighty since 1968. He has studied Naturopathy, Nutripathy, Chiropractic, Herbology, Iridology, Therapuetic Nutrition, Chiroprathy, Darkfield and HLB Blood Microscopy, Colonic Hygiene, Aromatherapy, Emotional Counseling and Clearing (VAK). He embodies a deep, caring commitment to Wellness through Education.

Great information.

Finally someone who understand clearly what Candida and other fungus do to our health! Easy to read and understand! Perhaps not so easy to deal with but the author can provide assistance and products!! learned about Sal thru Dennis Richard on his conference calls and in his new bookÂ Your Health is Your Choice, a must-read

The book came in perfect condition. Thank you

Lots of information on sources of candida and its affliction when running rampant. Kind of lightweight with diet info but it's focus is on a crash program for a week...good if that's the way you want to go.

I had high hopes for this book in terms of finding a program that could work for me with respect to controlling Candida, but, alas, they did not pan out. The first part of the book, where D'Onofrio describes what Candida is, actually gives a fairly good, understandable description of that. But with respect to the description of a program that controls yeast, he may be trying to impart important information but the disorganization of the presentation makes it darn difficult to know what he is really trying to say. Additionally, the seven days to getting yeast under control apparently comes AFTER you have spent time doing an internal cleanse and boosting your immune system. Maybe I am looking for quick solutions where there are none, but the title of the book does promise that, and does not deliver.

this Book does an awesome job explaining what "Yeast" (candida) is and how it affects you and your body! Everyone needs to know about Candida! Many People accept there symptoms as being "Normal" but they aren't! Your Body is made to work like a well oiled machine... but when we don't feed it what we should and take anti-biotic's to try to "fix" what we messed up with poor diet, we end up instead killing all the good guys and set ourself up for a mass take over.. CANDIDA!! also Highly recommend "The Yeast Connection cookbook" by William G. Crook and Marjorie hurt Jones

This book is all marked up and very difficult to read
