Tanks Of The Second World War

Synopsis

This book lists all the important tanks used in the Second World War, both by the Allied (England, France, Russia and the USA) and Axis Powers (Germany, Italy and Japan). Thomas Anderson, an expert on the history of the Second World War, offers an in-depth volume detailing the vehicles, their use in battle and relevant technical specifications. This comprehensive survey is full of authentic eyewitness accounts as well as being profusely illustrated with many photographs having never been published before.
