The Curious Garden

Synopsis

This New York Times bestselling modern classic explores the perennial topic of environmentalism in an urban world, from the creator of *The Wild Robot* and *Mr. Tiger Goes Wild*. One boy's quest for a greener world... one garden at a time. While out exploring one day, a little boy named Liam discovers a struggling garden and decides to take care of it. As time passes, the garden spreads throughout the dark, gray city, transforming it into a lush, green world. This is an enchanting tale with environmental themes and breathtaking illustrations that become more vibrant as the garden blooms. Red-headed Liam can also be spotted on every page, adding a clever seek-and-find element to this captivating picture book.
