Love Vs Cancer

Synopsis

Sweet! Standalone! A YA romance with the happily ever after you love! Allison didn't have time for romance. She was one of the best swimmers in the state. She had a full ride to her dream college. She wasn't looking for love. Until she met Simon. Funny, cute, and twin brother of her arch-rival in the pool, he was the last guy she should be falling for. But her heart isn't talking to her brain on this one. So what if her mom doesn't approve? And who cares that the dizzy spells she gets while swimming are coming more often and lasting longer? With Simon she can take on the world. Simon wasn't supposed to fall for Allison. His sister's biggest rival in the pool. Also? The most beautiful girl he's ever laid eyes on! Sure he might get crap from his sister, but he'll endure anything for a chance at love with this girl who's changed his world! Even if that means defending her honor. Even if it means enduring her crazy mother. Even if Allison is hiding something potentially deadly about her health. Two young lovers. A world trying to keep them apart. A hidden sickness that could pull Allison away forever. A heartwarming tale about the power of young love overcoming everything!
