Customer Reviews

This is the perfect catalogue to take along to shows, club meetings or just to have close by when searching on the computer. Features listings and values for more than 4,000 stamps, plus full color stamp illustrations all identified by Scott Catalogue numbers. Pages are designed to be used as a convenient inventory and checklist.

This is a very affordable way to get a quick and accurate value for all U.S. stamps. Photos of almost all stamps are included and descriptions of the difficult issues help to distinguish similar types. Great for the beginner and expert alike! A useful resource that I use for reference and verification all the time.

This catalogue will be adequate for identifying and pricing individual postage stamps.

Very useful guide: has plenty of illustrations to aid in identifying stamps.

It is exactly what I expected

This much larger than a "pocket" size. It is good quality with color pictures in a spiral binding for easy page turning.

It did not show values for First Covers, Plate Blocks, and quantity of printed.

This version is nice and compact and is easy to use.

Excellent book for a stamp collector
