Dr Podcast Scripts For The Primary FRCA

Synopsis

Dr Podcast is a great way to revise for the primary FRCA viva, and has been met with widespread enthusiasm from exam candidates. It provides questions and model answers for the whole syllabus. This book provides the scripts of all 90 individual podcasts from the Dr Podcast Primary FRCA collection, along with diagrams the reader can draw to explain their answer. It allows readers to experience the format of the questions likely to be asked and provides tips on how to excel in the exam. The reader can learn how differently worded questions on the same topic require modified approaches. Each podcast is written by a successful candidate who has insight and experience of the exam, and all material has been reviewed by experienced consultants with detailed knowledge of the educational standards. For those preparing for the Primary FRCA exam, Dr Podcast Scripts for the Primary FRCA is a must.

Customer Reviews

'These recordings are fantastic ... best thing I've discovered since my hunt for revision material started! Well done ... Keep it up!' Dr Podcast user
'I found the primary podcasts immensely useful, they really did help me pass the primary exam last week. Looking forward to the final podcasts.' Dr Podcast user
'The podcasts were brilliant and the content was excellent. Thank you very much.' Dr Podcast user

This book provides the scripts of all 90 podcasts from the Dr Podcast Primary FRCA collection. Each script provides questions, tips, a model answer and where appropriate a diagram, in just the

right format. A must for anyone preparing for the Primary FRCA exam.

Excellent book. A must have for exam prep. It concisely reviews all the necessary topics that a trainee should know for exams. I recommend it 100%

it covers all areas of the syllabus in a precise and meticulous way and give you the advice on how to be well prepared and presented in the oral exam as well as for the primary exam as it hits the MCQ secrets with out too much explanations that make you get bored. Remember you should not miss any of its questions because it is the least but the adequate

This book seems quite informative. The way questions are framed followed by comprehensive answers is excellent.

It's a concise useful review for the exams

There are small factual errors that I could find but should be obvious to anyone who uses standard texts. The explanations are top notch and help with the understanding of the standard texts. A must read for anyone taking the primary exams! It certainly helped me!

Very usefull book
