Joe and Charlie always insisted that they were not "gurus" of the Big Book, but in my mind they are

just that and more. The Big Book comes alive with their articulation of the principles it contains. Their Big Book Study was instrumental in helping me achieve sobriety and now almost ten years later, they are as helpful as ever. I highly recommend that anyone using any 12 step program use these CD's as guide to understanding the principles that are the twelve steps.

i have been in AA for 25 and 1/2 years and these tapes should be a requirement of every member to listen to. -- they are fantastic in the information that they provide not only about the Big Book but the background on the physical effects of alcohol on the body. thanks

I mean come on... Joe and Charlie? From my experience these guys(not guru's) are really reminding me of the basic foundation of the book. Cause really that's what this thing is all about (in my opinion). This is a timeless weekend that will continue to stay relevant and continue to carry the message for years to come

As a member of the fellowship and currently re-reading the Big Book, I enjoy listening to Joe & Charlie not just read but narrate certain issues along the way. They bring humor in to a serious disease. So Glad I purchased!

Even though this is a recording from long ago (1998), it's a great refresher to listen to now and then for a fun study of the book Alcoholics Anonymous.

Fast shipping, flawless disc! Thank you!

Joe and Charlie were recommended to me by a friend. I love their insight and teaching skills. These CD's were in perfect condition and are playing in my CD player in the car right now. Will order other CD's in this same category in the future.

Joe and Charlie are fantastic. I listen to them over and over again.
