The Shepherd Psalm - Psalm 23

Synopsis

The Rev. Frederick Brotherton Meyer (April 8, 1847 â “ March 28, 1929), a contemporary and friend of D. L. Moody was a Baptist pastor and evangelist in England involved in ministry and inner city mission work on both sides of the Atlantic. Author of numerous religious books and articles, many of which remain in print today, he has been described as The Archbishop of the Free Churches. To see a masterpiece of painting on the walls of an Art Gallery whilst a throng of conventional sight-seers is pressing past is a very different matter to seeing it quietly on the walls of some stately mansion, when there is time to sit down and drink in the artist's thought, or catch the different lights of early morning, of noon, or of the fading day. Perhaps the enjoyment is the more complete when some devoted lover of the work stands beside, telling the story of its daily effect upon his mind, and indicating subtle beauties which had escaped the first superficial gaze. It is with some such intention that this book is sent forth. That, in the quiet of the sick-chamber, or of the prayer-closet, attention may be again concentrated on this inimitable Psalm; that the familiar words may be considered in the light of growing Christian experience, and that perchance some unnoticed beauty may be suggested by one who seldom comes to it without discerning some fresh reason to thank the Spirit of Inspiration that He ever led the sweet minstrel of Scripture to indite the Shepherd Psalm. F. B. MEYER.

Customer Reviews

There are many books and only so many hours available to read them. Pretty much every book by FB Meyer is worth your time, and this short one on Psalm 23 surely is!! suggest reading it as a devotional, "spring boarding" off of each section to spend time yourself studying each sentence. I have studied Psalm 23 before, but this time was so much richer for having read this book.

O, can't say enough about this book - please buy it - I have learned so much about our Father in the last five (5) years by incorporating this Psalm into my live - and this book even helped me further with this quest.

Beautiful account of such an important psalm to those who have desperately sought God, the Great Shepherd. Meyer moved me so much emotionally on a spiritual level that I had to read and re-read every chapter. Psalm 23 was so much more than a psalm to the author; it was his breath and comfort and hope. I will read this book again and again.

Written by 19th century Baptist Evangelical Preacher. But for older folks, such as myself, it is a lovely reminiscence of how we knew the Lord growing up. Poetically written about poetry, the 23 psalm. Read it and enjoy the old school mystery.

Great

A precious little volume that I quote often and has been a blessing to all I share it with.

F. B Meyer's books are always a blessing.

I first read The Shepherd Psalm from an original tome that I had purchased in a bookstore in Maine. It was the "Pastel Edition" and had been given as a Christmas gift to someone 100 years ago in the year 1906. It was so incredible to read F.B. Meyer's insight on Psalm 23 that I quickly became a fan of his. Meyer's writing inspires comfort and beauty and is as inviting today as it was over 100 years

ago. I ordered a copy for each person on our staff and also ordered other books by this late, great saint!
