## Customer Reviews

Great book for the soccer lover. Comes with a CD but gave the product as a gift, so I can't say I know it's good...but I have high expectations from DK.

My nine-year-old son has slept with this book practically every night for the past two years or so. He still reads it frequently and is now a fount of information on the world of soccer. Great gift for a budding soccer maniac!

Good book for grades 2-5. The DK Eyewitness series is very popular in our school and very affordable.

This book taught me everything I needed to know about world soccer. I bought this book again once I learned I lost my first edition. I would buy the next if they published an updated version.

Not as appealing as we thought it would be.

Given as a Christmas gift!

We bought this for my son's 4th grade book report it was just what we needed for a "How To" book report. Great photos.

It has good graphics and lots of interesting facts about each country and club who play a major role in the world of soccer.
