# The Scotch Royals

## **Synopsis**

London is a lot more useful than I anticipated. She gets me what I need like a pro. With her by my side, I feel like I can do anything. My need for revenge is dimmed. My anger is contained. But her brother is still a problem. She wants me to let him go. I'm not sure if I can.

## **Customer Reviews**

Crewe and London realize their love is inevitable, enduring, uncompromising and forever. Despite outside influences that try to pry them apart, they always end up back together. London is determined to give Crewe peace in his life therefore he must forget about betrayals and move ahead their lives. In the end they have all they want and dreamed of.

This is the third and final book in the series. An awesome read with characters that touch all emotions. Sexy, intense and serious WTF moments. Love love loved the dialogue between the characters. The epilogue was like icing on the cake. A new author for me to follow.

Love the way the other series was tied in, the show of the importance of forgiveness and loyalty, how important family is , that family is not always the people you share blood with and no one is

perfect.

I loved Crewe and Landon! Their many ups and downs, just added to their stories. The betrayals were heart breaking. I couldn't put the books down!! Excellent writing and definitely a 5 star book!

When you have a great author that you enjoy reading her books It's easy to be ready for more. The scotch King series was fabulous and now I am looking forward to new series coming.

You find true love in harsh circumstances , Penelope Skye really knows how to write these stories , at times very shocking but hooks you in on the first chapters to the end .....

Just finished reading The Scotch Royals. Wow! So many twists & turns that keep you wondering what will happen next! I'd love to read another book about Crewe & London !

Another amazing book in the series and it was so good and I enjoyed it so much. A 5 star read just like the other books. I volunteered to read an advanced copy of this book.
