## Customer Reviews

If you are taking a remedies course, these should be added to your studying. Fletcher makes the topic easy to understand and is a must have for law school essay writing.

"Willie Fletcher," as he introduces himself explains the subject clearly, has good examples, and speaks in a voice that makes it sound like he's in your living room, just having a friendly chat. The overall result makes for a great review to listen to while commuting and studying for a Remedies course or the bar exam.

I used this product for my Remedies course. Found it useful especially as a good overview of Remedies. Worth your time as a supplement.

Remedies is a great course as taught by this professor. The sound quality on these CDs is much better than others I own.

The content is good, but the CDs are not indexed; they are just a single hour and three minute track.

I transcribed this lecture nearly word for word & use it to study with. Professor Fletcher is easy to listen to & gives excellent tips and mnemonics (sp?) to help you figure out how to take apart and analyze a remedies hypo step-by-step. I quit buying the Sum & Substance lectures & go with the Gilbert series now. They're great lectures by great professors.

I found these lectures excellent. Conviser has a really good voice, a way of speaking that keeps you awake, a sense of humor, and really guides you along the rails to preparation for the Bar exam.
