A Terrific vacation planner! Don't leave home without it. -- Ken Liggett, Underwater Sports of NJWorth waiting for! -- Pat Reilly, Travel Writer

"Best Dives' Snorkeling Adventures" is the first all-snorkeling guide book with top beach and boat sites for every age and experience level. With more sites than any guide on the market, it includes secluded, calm lagoons for novices; close-to-shore reefs for beach lovers, shipwrecks and offshore reefs for intermediate swimmers; plus advanced dives for experienced snorkelers and free divers. Adventurous snorkelers will find details on tame and wild dolphin swims, where to swim with manatees, mantas, turtles, the first snorkel-through museum and enticing, off-the-beaten-track areas. It also covers the best reef-front resorts and inns for all budgets, boat tours, first aid for coral cuts and sea stings and a special chapter about sharks.

This is a great book for planning your vacation, and its compact size makes it ideal for taking along

on your trip. The Hubers describe and rate the best dive areas, and offer suggestions for diver-friendly accommodations. Helpful maps show location of dive sites.

My wife and I found this book to be one of the best, Snorkeling guides we have ever used. We find all of the Huber's books to be informative, thorough, accurate, and fun to read as well. We love it! We buy new ones every time they update them with new info.

I found the reviews very helpful in deciding where I wanted to plan my next trip... I went to the Galapagos with Aquatic Encounters, and it was so fantastic, it is beyond description

This new book has a lot of useful tips, a wide variety of places to choose from, and many web sites and e-mail addresses. This will help you find the best place for your vacation.

This book is a great guide for snorkeling. It made our Caribbean cruise twice as good. It's the only guide I've found that really has tons of details for snorkelers.

My wife and I, both avid snorklers, picked up a copy for our trip to the British Islands and found some really neat new spots. This is a terrific resource.

Another wonderful guide from the Huber's. My wife and I used it sailing in the Virgin Islands and we found some great new spots. We love all their guides...very useful.
