Best Sellers Rank: #334,607 in Books (See Top 100 in Books) #10 in [Books > Science Fiction & Fantasy > Gaming > Call of Cthulhu](#) #28453 in [Books > Humor & Entertainment](#)

Customer Reviews

While far from exhaustive (really, it's hard to be exhaustive in a subject as broad as this one), this book provides a focused look at equipment that might be used by Victorian Age explorers and investigators of the unknown. There is also some sidebar information that really helps provide some context for the various items of equipment suggested in the book. While I also provide my players with a copy of the 1897 Sears and Roebuck catalog, this handbook gets them started and keeps them focused on the important stuff they need to have.

Remember, Diesel fuel is referred to as distillate at this point and should be able to be acquired relatively cheaply. Throw in say a bunch of high nitrogen fertilizers and you can have excessive amounts of fun if the GM doesn't nip it in the bud.
