War In Afghanistan: Overthrow Of The Taliban And Aftermath (Major U.S. Historical Wars)

Synopsis

For more than 30 years, Afghanistan has been plagued by war and violence. In October 2001, the United States sent troops to Afghanistan in order to remove the Taliban, a group of Muslim fundamentalists that had gained control of the country and were sheltering and assisting terrorist groups like Osama bin Laden's al-Qaeda organization. It did not take long for the U.S. military to force the Taliban from power, but creating a peaceful and stable Afghanistan has proven to be a much greater challenge. This book in the MAJOR U.S. HISTORICAL WARS series examines the events that led up to the 2001 invasion of Afghanistan by the United States and its allies, and their subsequent efforts to rebuild this war-torn state. It discusses the political and military strategies that U.S. and Taliban forces employed, and provides information about key people, battles, and events. Although most U.S. troops have been withdrawn from Afghanistan, the Taliban continues to fight for control over the state. Each title in this series contains color photos, maps, chronology and back matter including: an index, further reading lists for books and internet resources, and a series glossary. Mason Crest's editorial team has placed Key Icons to Look for throughout the books in this series in an effort to encourage library readers to build knowledge, gain awareness, explore possibilities and expand their viewpoints through our content-rich non-fiction books. Key Icons are as follows: Words to Understand are shown at the front of each chapter with definitions. These words are then used in the prose throughout that chapter, and are emboldened, so that the reader is able to reference back to the definitions- building their vocabulary and enhancing their reading comprehension. Side

Customer Reviews

Gr 8 Up-There are no splashy covers or sparkly literary lures here, but that doesn't take away from the quality of this set, which presents straightforward history systematically and plainly. Each title opens with a dramatized account of a relevant battle. Subsequent chapters trace the origins of the war in question from its roots in politics and social injustice. Each chapter begins with "Words to Understand in This Chapter," which highlights and defines terms of thematic relevance. The layout is simple and features pale yellow backgrounds, text in a small black font, headings in red, and illustrations boxed and outlined in plain black. Illustrations were chosen with great care and demonstrate the profound effects of war on human life; for instance, one photo depicts a sobbing baby sitting amid the rubble in the aftermath of a bombing of a Shanghai train station. This series strikes the ideal balance between a thorough and well-researched presentation of history and one that is exciting and engaging. VERDICT An excellent resource. (c) Copyright 2011.
