Customer Reviews

I bought this for my 15 y/o daughter! She loved it!! Now She wants to complete the series.

This book relates to the younger set ... mainly teenagers or those in High School. However, I did enjoy this well written book. It's truly a lesson for those who spend their lives on-line, believing everything they read. Actually, it's all about gossip.

I recently stumbled across this author and I must say I love everything so far that I've read a definite must read and i'd definitely read anything by this author

The book kept my attention from beginning to end. Even though I could figure out the plot, mid way,

the book was still captivating which is why I rated it four stars.

keeps you watching, I will be watching to see all the new happenings! It is really entertaining. Cant wait to see more.

Miss Billingsley is a very good writer. I enjoy all of her books.

Excellent book !! I learned how the Internet can work. Recommend this book to all techies. Hard to put down.

This book is for teenage girls. The storyline is completely stupid and not realistic at all. I mean come on Ms. Billingsley you can do better than this.
